

Events at Churchill College

Located on the edge of the bustling city centre and set among the picturesque parkland of one of the largest Cambridge campuses, Churchill College offers a huge variety of self-contained facilities, meeting rooms, services, and dining arrangements. Founded in 1960 it is also the National and Commonwealth Memorial to Sir Winston Churchill and home to the world-famous Churchill Archives Centre.

Sustainability

Churchill College are focusing efforts on sustainable practices. The events team are very happy to discuss sustainable options with event organisers. Please see our sustainable events solutions page.

Brief History

Churchill College was founded after Sir Winston Churchill was inspired to make a place focused on the promotion of advance technological education for both undergraduates and postgraduates. Following support from many of his advisors and securing funding from launching a national appeal, the vision was born and in 1959 a site in Cambridge was chosen. Churchill planted the famous oak tree (located on our Jock Colville Lawn) and in the following year students started to arrive. The College was officially opened in 1964.
